Paper Title	Pages
Fundamental Diagram For Spatial Analysis Of Urban Traffic Flow: A Case Of Kenya's Nyeri Municipality Authors: Lekariap Edwin Mararo; Abiero Gariy; Mwatelah Josphat	251-265
Effects Of Temperature Dif And Drop On The Growth, Quality, Total Phenolic Content And Antioxidant Activity Of Herbs Authors: N. Islam; S. Torre; A. -B. Wold; H. R. Gislerød	266-271
Technical And Economical Assessment Of Applying Precision Farming Using Mathematical Model On Irrigated Wheat Production Authors: Mostofi, M. R.; Reza Zadmehr; M. Almassi ; A. Sharifi	272-278
Slope Stability Analysis Using Finite Element Method Authors: Meftah Ali	279-282
A Ga-integrated Adaptive Model Reference Controller In Robot Tracking Applications Authors: A. L. Sivakumar; M. Chakravarti	283-291
Experimental Proof Of New Method Of Electricity Generation Authors: Madhu Sudan Modak	292-293
Design And Development Of Mobile Blood Donor Tracker Authors: Samy S. Abu Naser; Ihab Zaqout; Rreham K. Abumughessib	294-300
Application Of Computational Fluid Dynamics Code On Flow Process Through Inlet Port Of Internal Combustion Engines Authors: Ajoko, Tolumoye John; Ogbonnaya, Ezenwa Alfred	301-305
Administrative Operations In The Program Of Social Service At The University Of Sonora To Achieve The Quality Of Education Authors: Francisco Javier Espinoza Valencia; Juan Carlos Robles Ibarra; Víctor Manuel Delgado Moreno	306-311
