Paper Title	Pages
Cluster Analysis Based Approach To Delineate Homogeneous Regions, For The Assessment Of Regional Competitiveness: A Case Of Districts Of India Authors: Shahid Rahmat; Joy Sen	173-180
Efficiency Of Investments, Financed From Eu Funds In Small And Medium Enterprises In Poland Authors: Jolanta Brodowska-szewczuk	181-187
The Effect Of Substrate Stiffness On Seismic Response Of Double-arch Dams Using The Finite Element Model Authors: Mortaza Ali Ghorbani	188-192
Design And Development Of Mobile University Student Guide Authors: Samy S. Abu Naser; Ahmed M. Dawoud; Khaled M. Al Sheik Ali	193-197
Comparison Of Cúk Converter With Dc Machine Driving And Using Different Types Controllers Authors: Hilmi Zenk	198-202
Numerical Analysis Of Cavitation Due To The Recirculation-heavy Duty Process Pumps Authors: Andrej Lipej; Duško Mitruševski	203-208
Metallurgical Study And Performance Evaluating Of Integrated Steel Moldboard Blades In Wearing Dry Sand - Steel Wheels Test Authors: Rohollah Mohammad Sanabadi Aziz	209-219
Terminal Velocity Of Popcorn (zea Mays Everta) As Affected By Moisture Content Authors: Aremu, D. O; Anjorin, S. E; Babajide, N. A.; Alaka, A. C.; Ogunlade, C. A.	220-223
Crosstalk Noise Reduction Using Synthesized Digital Logic Circuit Authors: Yussuff Abayomi I. O.; Adelaja Oluwaseun	224-229
Integral Mean Value Method For Solving Fredholm Integral Equations Of The Second Kind On The Half Line Authors: Mohammad Heydari; Zakieh Avazzadeh	230-235
Immobilization Of Catalase From Red Poppy On Chitosan Beads Authors: Gulnur Arabaci; Ayse Usluoglu	236-240
Energy Management Using Battery And Ultra Capacitor Of Wind Turbine Generating System Authors: M. Surya; S. Karthikeyan	241-244
Olives Pomace As Renewable Energy Source Authors: Eng. Mazen Abu Amro	245-250
