Paper Title	Pages
Detecting Ip Spoofing Using Hop Count Filtering Based Dynamic Path Update Approach Authors: Srinath Doss; Sreekumar Narayanan; John Anand	1241-1246
Polymorphism Of Microsatellite (ssr) Markers In Tunisian Olive (olea Europaea L.) Cultivars Authors: Mbarka Ben Mohamed; Sihem Ben Ali; Feiza Boussora; Ferdaous Guasmi; Tebra Triki	1247-1252
A Modem Without A Training Signal: A New Approach Authors: Bandula Dahanayake	1253-1261
In Depth Mathematical Algorithm For Heart Rate Variability Analysis Authors: Andris Buikis; Alberts Aldersons	1262-1269
Presentation Of A Hierarchy Algorithm Toward Mac Based Selection For Shielding Application Regarding To Comprehensive Review Of Hash Function Specification Authors: Ah. Poursoltan Mohammadi; M. Chehel Amirani; F. Faghihi	1270-1275
Forecasting Model For Enrolment Combining Weighted Fuzzy Time Series And Fourier Series Transform Authors: Nghiem Van Tinh; Nguyen Tien Duy	1276-1281
Personality Prediction Through Offline Handwriting Analysis Authors: Farhana Rizvi; Malik Sikander Hayat Khiyal	1282-1288
New Doctrine: Ecological Infrastructure With Ecologization-ecological Infrastructure With All-embracing Ecologization Can Be Basis Of Guaranteeing Of High Quality Life Environment Authors: Tetior Alexander	1289-1295
Investigation Of A Pico-hydropower Plant Performance By Combining Exergy Analysis And Global Sensitivity Analysis: A Case Study Of Andriantseboka Analamanga Madagascar Authors: Hery Tiana Rakotondramiarana; Noromahefa Randriambahoaka	1296-1302
A Study On Naive Bayes Text Classification Algorithm Based On Position Weighting Authors: Yonghe Lu; Jinghuang Chen; Jianhua Chen	1303-1308
Estimation Of Radiation Shielding Properties For Composites Material Based Unsaturated Polyester Filled With Granite And Iron Particles Authors: Najwa Jassim Jubier	1309-1316
