Paper Title	Pages
Backburner Management For Network Rendering 3ds Max Authors: Ahmed Y. Mahmoud; Suheir H. Almurshidi?	1450-1453
Evaluating The Disturbance Factor (d) On The Stability Of Rock Slopes In The Quasi-static Analysis Authors: Vahid Hosseinitoudeshki; Farzad Fehri; Mohammad Hossein Noori Gheidari	1454-1458
Dosage Estimation Of Amino-modified Polystyrene-antisense Human Rna Nanoparticles In Killing Metastasis Based On The Tumor Growth Rate Authors: Szeto Ching Ho	1459-1463
An Approach To External Shading Device Design And İstanbul Example Authors: Nilgün Sultan Yüceer	1464-1471
Effect Of Annealing Temperature For Cuo Thin Films Properties Prepared By Simple Chemical Methods Authors: Maithm A. Aabed; Alia A. Shehab	1472-1480
Applying Technical-economic Indices To Compare And Select An Investment Option For Transport Infrastructure Projects Authors: Huynh Thi Yen Thao; Tran Quang Phu	1481-1490
Environmental Impact Assessment Of Solid Waste Dumpsite In Emirin, Ado-ekiti Using Integrated Geophysical And Physiochemical Methods Authors: O. O. Oso; E. A. Boluwade	1491-1501
Process Management In Warehousing Logistics By Means Of Rfid Automated System Authors: David Kapanadze; Lili Petriashvili; Taliko Zhvania	1502-1505
Modeling And Control Of A Car Suspension System Using P, Pi, Pid, Ga-pid And Auto-tuned Pid Controller In Matlab/simulink Authors: Michael Akpakpavi	1506-1513
New Method For Determining The Angular Position Of The Light Reflection Intensity Minimum Observed In Surface Plasmon Resonance Authors: Volodymyr Maslov; Yuriy Ushenin; Glib Dorozhinskyi; Anna Dorozhinska; Alexander Kudryavtsev	1514-1518
Advanced Consumer Supply Network Planning: Literature Review And Analysis Authors: Zeinab Haji Abolhasni; Romeo Marian; John Boland	1519-1537
