Paper Title	Pages
Iris Recognition Using Image Processing And Neural Network Authors: Rashid Khan; Nuzat Naqvi; M Shujah Islam; Muhammad Waheed; M Mattah Islam Sameem	2776-2781
Design Of 11/0. 415 kV Substation Using Applicable International Codes Authors: Oyeleye, M. O.	2782-2789
Variability Assesment Of Seepage And Percolation In Thakurgaon District Authors: Jannatul Ferdows Nipa; Atikul Islam	2790-2794
Coupling A Photovoltaic Generator With A Low Voltage Electric Network Through An Inverter Authors: Hajer Khabou Rekik; Mansour Souissi; Abdelouhab Aitouche	2795-2804
Evaluation Of Substation's Transformer Earthing System, Feeder Panel And Lightning Grounding: Case Study Of A University In Nigeria Authors: M. O Oyeleye	2805-2810
An Evolutionary Algorithm For The Autonomous Vehicle Routing Problem Under Emergency Evacuation Authors: Jaqueline E. Masaki; Yassir A. Abdelrazig; Doreen C. Kobelo	2811-2817
Non-iterative Impedance Method For Fault Distance Detection On Transmission Lines Authors: Ngwu Chinyere Rosemary; Constance Kalu; Ogbonna Chima Otumdi	2847-2850
Design And Implementation Of Web Application With Google Map Location Visualization For Lecture Timetable In University Of Uyo Authors: Kalu Constance; Jude Ibanga; Nseabasi Peter Esien	2851-2864
Determination Of The Optimal Location For The Installation Of Solar Farm In Akwa Ibom State Authors: Udofia, Kufre; Ikpong Akaninyene Asuquo; Okon Smart Essang	2865-2871
Application Of Ekahau Real Time Location Software For The Calibration Of Test Beds For Wireless Network-base Asset Location Management System Authors: Kalu Constance; Henry Akpan Jacob; Aneke Chikezie Samuel	2872-2883
